**Re: Voluntary Withdrawal of Request for Special Temporary Authority
K207DB, Aberdeen, Washington (FIN: 92410)**

Dear Ms. Dortch:

On behalf of Educational Media Foundation ("EMF"), licensee of non-commercial educational FM translator station K207DB, Aberdeen, Washington, this letter is to advise the Commission that EMF hereby voluntarily withdraws its pending request for Special Temporary Authority (an "STA") to allow K207DB to operate at variance. See FCC File No. BSTA-20090420ACX. On April 20, 2009, EMF requested an STA to allow K207DB to operate with parameters at variance from its license after discovering that the height of the K207DB antenna varied from the height authorized in the station's license. EMF's STA request is currently pending. Since that time, on June 9, 2009, EMF corrected the antenna height and also filed a modification of license application to correct the transmitter power output and the antenna type. See FCC File No. BMLFT-20090609AAN. This modification of license application was granted today, June 10, 2009. Accordingly, the pending STA request is no longer necessary. Please update your records to reflect this withdrawal.

If there are any questions concerning this matter, please contact the undersigned.

Respectfully submitted,

Karen A. Ross
